PROFILE

Film composer and pianist based in Turin. Since 2003 he has written original scores for cinema, auteur documentary, animation and television, with an intimate, cinematic sound — acoustic and folk-orchestral, with Mediterranean roots — that grows from the piano. His score for *The Moon Beneath the Water* (dir. Alessandro Negrini, 2023) accompanied the film to 21 international awards. For more than a decade he has been the composer of the Stefilm series *Food Markets* (ZDF/ARTE, NDR, RAI, RSI, Sky Documentaries). He composes, records and masters in his own studio in Turin, often with live musicians. He is now focusing on auteur cinema and narrative drama.
